QAPP for Pre-CERCLIS Screening at Bridgeton Dust Site.pdf

Please forward to Julia asking for her to share with MDNR and MDHSS. Please also ask for them to provide their availability for a conference call preferably on Wednesday to discuss their thoughts and whether EPA would like formal comments.

To date, the technical team here at EPA has been working with Ryan Seabaugh and Branden Doster from MDNR and Jonathan Garoutte and Keith Henke from MDHSS.

Let me know if there are any questions,

Tom
